

Bring *live* butterflies into your home. Witness the beauty of metamorphosis up close.

Experts agree that parent engagement is essential to academic achievement in the elementary grades. Your child is studying butterfly metamorphosis at school. Boost the learning by sharing the wonder and excitement at home.

It's fun! Caring for caterpillars as they make the change to butterflies is easy for you and thrilling for your child. The *Good Green Butterfly Kit* comes with everything you need for a complete science activity, including a pre-paid coupon for live caterpillars and their food, butterfly house, life-cycle poster and complete instructions. When butterflies emerge from their chrysalises,

set them free as a gift to the Earth. Additional free educational activities online.

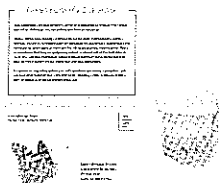

Green = Good for the Earth. Your purchase of *Good Green Butterflies* includes the purchase and protection of 1/20 of an acre of South American rainforest to offset 3,300 pounds of carbon pollution in the United States. A colorful certificate honors your family's contribution to rainforest conservation.

When you order a butterfly kit, teachers earn credits toward their annual order of hands-on science supplies.
